

## TRAIN RUN BEHIND DEER AND HITS ONE

HAZLETON, Pa., July 23.—A Lehigh Valley railroad passenger train leaving Hazleton for Bethlehem encountered three deer along the tracks near Weatherly, and struck one of them as it tried to cross the rails. The deer reeled over, but quickly got up and scampered into the woods with the others.

The Lehigh Valley train due in Hazleton at 7:10 steamed behind several deer almost a mile beyond Weatherly, which kept ahead of the engine and disappeared into the forest after they got tired of the race.

## POPE TO HONOR K. OF C. BY SPECIAL AUDIENCE

NEW YORK, July 23.—Pope Benedict XV has named August 29 as Knights of Columbus Day at the Vatican, according to a message received here yesterday from Archbishop John Bonzano, apostolic delegate to the United States. On that date he will receive the K. of C. pilgrimage, which is to sail from New York for Rome on August 7.

"On the same day," the message says, "The Pope will celebrate mass for the pilgrims in the Chapel of Lourdes, Vatican Gardens."

## DEMOCRATS WILL HOLD MEETING HERE

Committee of Fifteen Plans Conference to Map Out Campaign Details.

By J. BART CAMPBELL.  
International News Service.

A joint conference between the campaign "steering committee" of fifteen, headed by Democratic National Chairman George H. White, which is to have charge of Governor Cox's campaign, and the Democratic National Congressional Committee, of which Congressman Henry D. Flood of Virginia is chairman, is to be held soon for the purpose of putting plenty of "pep" in the Democratic plans to regain control of Congress.

White and Flood are to confer when the new national chairman visits Washington on next Thursday. It is said the two men may consult with President Wilson at the White House regarding the Democratic drive for additional members of Congress who could be depended upon to support Cox if he is elected President.

It is pointed out by Flood that the experience Cox has personally had in conducting Congressional campaigns, he himself having been elected twice to represent the Third Ohio district in Congress, will doubtless prove helpful to the Congressional Committee.

"We already have the ground work laid for a vigorous Congressional campaign," Flood said, "and with the assistance we are confident of receiving from Governor Cox the prospects for sweeping the Republicans out of their control of the House in November appear very favorable."

The boy is five feet nine inches in height and weighs 130 pounds. He has light hair and blue eyes. When last seen he wore khaki trousers, spiral leggings, a badly worn, dark coat, brown canvas shoes, and a plaid cap.

His photograph and description have been sent to all precincts and to the police of nearby cities. The father says he knows no reason for his son's leaving home, and that no word has been received from him since he left.

## NEWLYWEDS WITH FLAT OR WOBBLY EARS LUCKY

Bound to Find Connubial Bliss,  
Declares Expert—Never Tire  
of Same Old Talk.

AKRON, Ohio, July 23.—Would you know whether newlyweds are going to be happy?

Look at their ears.

This advice is given by William Woodbridge, local marriage license clerk.

"Ears that wiggle denote versatility. They should be coupled with the small, flat, domestic ear, which lies close to the head and which can listen to the same jokes year in and year out, or to a slide trombone four hours at a time, without quivering."

"Ears which are not mated denote complexity of disposition. This complexity is most likely to manifest itself in a preference for mending the neighbor's chicken coops rather than hoeing its own radish bed. It will, generally, be too ill and feverish to go to church Sunday morning, but will always miraculously recover in time to go to a baseball game Sunday afternoon. Such an air should always be associated with what is popularly known as a deaf ear."

"Then, there is the ear which lops over the edge, like a setter pup's. It denotes kindness to children and stray cats and an aversion for the popular institution known as the Saturday night bath. To fulfill its mission in life it is absolutely necessary that this ear should be made up with the red, common garden variety, which always denotes a pillar of the church and a worker in the Ladies' Aid."

### A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and stinging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look as if a hundred times better.

## Fading Away

Without knowing it, you look in the glass and say, "Oh, my! I look rigid, pale, drawn up. I look old and tired. I haven't done anything to make me look this way." Probably not. But you don't look as you should and like you want to look. The paint and the powder won't help you. That works from without and never remedies permanently. If you are a man it is invariably is dope or stimulant you may take. That in time makes you crazy. What you need in reality is Huxedo. "What is that?" you say. Find out quickly or you will feel or look worse than you do now. Huxedo is a mild cordial of barks with an iron salt made from the fresh apples, and strychnine made from the nux vomica bean. It is not what you would call a medicine, simply a true, harmless recuperator. Makes you feel better and different at once, because it makes the young prettier and the old better. 50 cents at Tree & Co., druggists, 15th and H Sts. N. E., or at all the People's Drug Stores.
